Title 20 Public Health And Welfare
Subtitle 2. Health And Safety
Chapter 22 Fire Prevention, Protection, and Safety
Subchapter 6 -- Fire Extinguishers

A.C.A. Tit. 20, Subtit. 2, Ch. 22, Subch. 6 Note (2014)
A.C.A. § 20-22-601 (2014)

20-22-601. Legislative intent.

It is the purpose and intent of this subchapter to provide for monitoring the sale, installation, and servicing of portable fire extinguishers and the sale, installation, and servicing of fixed fire protection systems and the planning, sale, installation, and servicing of fire protection sprinkler systems and to provide for the registration, licensure, and monitoring of businesses and persons providing the services, in order to protect and promote public safety by minimizing personal injury and property damages which might result from inadequate, unreliable, unsafe, or improperly installed or maintained portable fire extinguishers, fixed fire protection systems, or fire protection sprinkler systems.

A.C.A. § 20-22-603 (2014)

20-22-603. Exceptions.

(a) The provisions of this subchapter do not apply to the following:

(1) The filling or charging of a portable fire extinguisher by the manufacturer before its initial sale;

(2) The visual inspections by a firm of its own portable fire extinguishers, fixed fire protection systems, or fire protection sprinkler systems by its own personnel who are specifically trained to conduct visual inspections;

(3) The hydrostatic testing by a firm of its own United States Department of Transportation-specification compressed gas cylinders used for or with fire extinguishers or its own pressure vessels, other than department-specification cylinders used as fire extinguishers, when the testing is performed by personnel of the firm who have been specially trained to perform the testing;

(4) Firms engaged in the retailing or wholesaling of portable fire extinguishers as defined in § 20-22-602 but not engaged in the installing, servicing, or recharging of portable fire extinguishers are exempt from the registration and licensing provisions outlined in § 20-22-610, but all other provisions of this subchapter shall apply;

(5) Fire departments recharging portable fire extinguishers for fire department use only if:

(A) The fire department personnel performing the services are trained in the proper filling and recharging of the portable fire extinguishers;

(B) All work is performed according to the standards adopted and the rules of the Arkansas Fire Protection Licensing Board and the National Fire Protection Association pamphlet number ten (No. 10): Standard for Portable Fire Extinguishers;

(C) (i) Each of the fire department personnel performing the filling and recharging of the portable fire extinguishers holds a current applicable individual license issued by the board.

(ii) Only portable fire extinguishers owned by the particular fire department are subject to this exception; and

(D) All registration and licensure fees for licenses issued for these individual licenses are waived; and

(6) The hydrostatic testing (Class A Hydro list) by a firm of United States Department of Transportation-specification compressed gas cylinder used for or with a portable fire extinguisher or a fixed fire protection system owned by other firms or individuals:

(A) When the testing is performed by personnel who have been specifically trained to perform the testing;

(B) When the firm is currently licensed or permitted by the United States Department of Transportation to perform Class A Hydro tests; and

(C) Where the hydrostatic testing of the cylinders is the only service performed on behalf of the individual or firm or its agent which owns the cylinder.

A.C.A. § 20-22-607 (2014)

20-22-607. Arkansas Fire Protection Licensing Board -- Powers and duties.

The Arkansas Fire Protection Licensing Board shall:

(1) Formulate and administer policies as may be determined necessary for the protection and preservation of life and property in regard to:

(A) The registration of firms engaging in the business of installing, inspecting, or servicing portable fire extinguishers and of firms engaging or in the business of installing, inspecting, and servicing fixed fire protection systems;

(B) The registration of firms engaging in the business of hydrostatic testing of portable fire extinguishers. However, no person or firm shall be granted a Class A hydrostatic testing certificate until the applicant submits proof satisfactory to the board that the test equipment of the applicant has been tested and certified by the United States Department of Transportation;

(C) The examination and licensure of persons applying for a license to install, inspect, or service portable fire extinguishers and of a person applying for a license to install, inspect, or service fixed fire protection systems;

(D) The registration of firms engaging in the business of selling, system layout, installing, servicing, inspecting, or any aspect of fire protection sprinkler systems, including standpipe, fire pumps, and hose systems;

(E) The examination and licensure of a person applying for a license as a responsible managing employee for the purpose of fire protection sprinkler system business, including designing, inspecting, installing, system layout, or servicing fire protection sprinkler systems, including standpipe, fire pumps, and hose systems;

(F) The examination and licensure of a person applying for a license as a fire protection sprinkler systems inspector for the purpose of servicing or inspecting fire protection sprinkler systems, including standpipe, fire pumps, and hose systems; and

(G) The examination and licensure of a person applying for a license as a fire protection sprinkler system sprinkler fitter or apprentice for the purpose of installing, servicing, or placing fire protection sprinkler systems in service, including without limitation standpipe, fire pumps, and hose systems;

(2) Establish reasonable qualifications for firms and individuals for the issuance of a certificate of registration or individual license to engage in any aspect of the business of portable fire extinguishers, fixed fire protection systems, or fire protection sprinkler systems;

(3) Conduct examinations to ascertain the qualifications and fitness of individual applicants to install or service portable fire extinguishers, install or service fixed fire protection systems, or install, service, inspect, or design fire protection sprinkler systems;

(4) Issue certificates of registration for those firms that qualify and individual licenses and permits to individuals that qualify to engage in the business and activity of installing and servicing portable fire extinguishers, installing and servicing fixed fire protection systems, and designing, installing, inspecting, or servicing fire protection sprinkler systems and issue licenses or permits to those firms and individuals qualifying to perform hydrostatic testing of fire extinguisher cylinders;

(5) Evaluate the qualifications of firms seeking approval as testing laboratories for

portable fire extinguishers; and

(6) (A) Regulate and license as a part of a fire protection sprinkler system the installation, service, and maintenance of a standpipe and hose system as defined under the National Fire Protection Association pamphlet number fourteen (No. 14).

(B) (i) The installation, service, and maintenance of a standpipe and hose system shall be performed by a licensed fire protection sprinkler contractor. A licensed fire protection sprinkler contractor is not required to perform hydrostatic testing of the standpipe hose, repair of the standpipe hose, or maintenance of the standpipe hose.

(ii) The standpipe and hose system shall be:

(a) Designed, installed, and tested in accordance with the standards adopted in the Rules and Regulations for Fire Protection Sprinkler Systems of the board and in accordance with the applicable National Fire Protection Association pamphlets; and

(b) Designed by an Arkansas-licensed responsible managing employee or a registered professional engineer licensed by the State of Arkansas.

A.C.A. § 20-22-610 (2014)

20-22-610. License, permit, or certificate -- Application -- Fees.

(a) Applications for licenses, permits, and certificates provided for in this section shall be made under policies adopted by the Arkansas Fire Protection Licensing Board and shall be

submitted on forms prescribed by the board.

(b) (1) Each firm or person desiring to engage in or to continue to engage in the business of installing, inspecting, or servicing portable fire extinguishers, selling, inspecting, installing, or servicing fixed fire protection systems, performing hydrostatic testing of fire extinguishers or fire extinguisher cylinders, or planning, selling, installing, maintaining, inspecting, or servicing fire protection sprinkler systems in the State of Arkansas as a condition of engaging or continuing to engage in such a business shall obtain from the board a certificate of registration and appropriate individual licenses as prescribed in this subchapter.

(2) Each firm engaged in the business of installing or servicing portable fire extinguishers or selling, installing, inspecting, or servicing fixed fire protection systems shall obtain a certificate of registration and shall pay the following fees:

(A) For engaging in the business of inspecting, installing, or servicing portable fire extinguishers, the fee for the initial certificate of registration shall be no more than five hundred dollars (\$500), and the annual renewal fee shall be no more than five hundred dollars (\$500); and

(B) For engaging in the business of selling, installing, inspecting, or servicing fixed fire protection systems, the fee for the initial certificate of registration shall be no more than five hundred dollars (\$500), and the annual renewal fee shall be no more than five hundred dollars (\$500).

(3) Each employee of a registered firm who engages in installing, inspecting, or servicing portable fire extinguishers or selling, installing, inspecting, or servicing fixed fire protection systems, other than an apprentice, shall obtain an individual license and pay the following fees:

(A) For a license to install, inspect, or service portable fire extinguishers, an initial fee of no more than one hundred dollars (\$100), and for each annual renewal thereof a fee of no more than fifty dollars (\$50.00); and

(B) For a license to sell, install, inspect, or service fixed fire protection systems, an initial fee of no more than one hundred dollars (\$100), and an annual renewal fee of no more than fifty dollars (\$50.00).

(4) Each firm performing hydrostatic testing of United States Department of Transportation-specification compressed gas cylinders used for or with portable fire extinguishers or for or with fixed fire protection systems, as a condition of engaging in such a business, shall obtain a Class A hydrostatic testing certificate for which the initial fee shall be no more than two hundred dollars (\$200), and an annual renewal fee shall be no more than one hundred dollars (\$100).

(5) Each firm performing hydrostatic testing of pressure vessels used for or with portable fire extinguishers or for or with fixed fire protection systems, other than United States Department of Transportation-specification compressed gas cylinders, shall obtain a Class B hydrostatic testing certificate as a condition of engaging in such a business, for which the initial fee shall be no more than one hundred dollars (\$100), and an annual renewal fee shall be no more than fifty dollars (\$50.00).

(6) (A) An employee of a registered firm who has been issued an apprentice permit may

service, inspect, and install fire protection sprinkler systems, portable fire extinguishers, and fixed fire protection systems under the direct supervision of a licensed employee subject to rules promulgated by the board.

(B) Each application for an apprentice permit shall be:

(i) Made by a registered firm; and

(ii) Accompanied by a fee of no more than thirty dollars (\$30.00).

(C) A copy of the application may be used by the applicant as proof of a temporary permit until the official apprentice permit is issued or denied by the board.

(D) A copy of the application or the apprentice permit is valid for one (1) year from the date of issue and is not renewable.

(7) (A) Each employee of a registered firm desiring to take an examination in order to obtain a license as required in this subchapter shall apply to the board and pay an initial testing fee of no less than thirty dollars (\$30.00) per examination nor more than one hundred dollars (\$100) per examination.

(B) Testing fees are to be paid each separate time an examination or series of examinations is taken.

(8) Each firm engaged in a fire protection sprinkler business in the state shall obtain a certificate of registration and shall pay the following fees:

(A) An initial application fee not to exceed one hundred dollars (\$100) for the certificate of registration; and

(B) A fee not to exceed one thousand dollars (\$1,000) for the issuance of either the initial certificate of registration or any annual renewal of the certificate of registration.

(9) Each firm holding a certificate of registration for a fire protection sprinkler system business shall at all times employ at least one (1) responsible managing employee who must obtain a license issued by the board after successful completion of the requirements in this subchapter and under the rules of the board, including without limitation the passage of examinations, and by payment of fees established by rule of the board subject to the following limitations:
