Whether you are employed by a private company, a business owner, or work for a public agency, you and your co-workers can benefit greatly from attending this virtual safety conference. The purpose of this virtual conference is to educate and communicate during this pandemic, enhance workplace hazard recognition, and strengthen a culture of workplace safety, thereby reducing employee injuries and illnesses.

This virtual conference is intended for hourly employees, joint safety committees, safety directors, supervisors, managers, and human resource personnel that are beginners in working in safety and any others who might benefit from basic safety training. Nursing home administrators and nurses may also use this training for continuing education purposes.

A telephone number will be provided at a later date for additional information.

There is **no** registration fee for this Virtual Safety Conference.
