In asynchronous educational offerings, the instructor and student interaction is non-simultaneous; the students progress at their own pace and follow a structured course content and quiz/exam schedule. Hybrid courses, also known as blended courses, are learning-
environments that allow both in-person and online (synchronous or asynchronous) interaction.

Synchronous courses provide for instruction and interaction substantially the same as on-site classroom courses. Synchronous courses meet class-hour requirements if they comply with requirements (B) and (C) above.

An asynchronous distance education course is acceptable to meet class-hour requirements if:

1. The course provides interaction. Interaction is a reciprocal environment where the student has verbal or written communication with the instructor; and

2. Content approval is obtained from the AQB, the Board, or an accredited college, community college, or university that offers distance education programs and is approved or accredited by the Commission on Colleges, a regional or national accreditation association, or by an accrediting agency that is recognized by the US Secretary of Education. Non-academic credit college courses provided by a college shall be approved by the AQB or the Board; and

3. Course delivery mechanism approval is obtained from one of the following sources:

   a. The AQB; or
   b. AQB approved organizations providing approval of course design and delivery (such as The Appraisal Foundation or other independent approved entity); or
   c. a college or university that qualifies for content approval in paragraph 2 above that awards academic credit for the distance education course; or
   d. a qualifying college or university for content approval with a distance education delivery program that approves the course design and delivery that incorporate interactivity.

4. If the certification of the course delivery mechanism expires prior to the Board’s expiration date of the course, the course will not be accepted for credit until the provider can provide an updated certification.

F. Hybrid courses meet class-hour requirements if each of its sessions meet the requirement for the delivery method employed:

1. in-person sessions must meet (B) and (C) above;
2. synchronous course sessions must meet (B) and (C) above;
3. asynchronous courses sessions must meet (B), (C), and (E 1-3) above.

G. A list of approved education providers and courses is available on the Board’s website. If a course is taken that is not on that list, it may be submitted to the Board for individual consideration by submitting the following:

1. A Course Completion Certificate;
2. A timed outline provided by the education provider; and a
3. A course description from the education provider.
H. Education course approval by the Board is initially granted for a period of two (2) years—provided no substantive changes in course content is made. Approval may be extended for an additional two (2) years on the written request by the provider. Failure to timely request an extension will result in automatic termination of the education offerings approval status.

I. The fifteen (15) hour National USPAP Course may not be substituted for the 7 hour National USPAP Update Course.

J. All persons or providers requesting approval from the Board for an education course shall submit to the Board office a completed “Education Course Approval Application” that is found on the Board’s website. The application must be accompanied by the following:
   1. A timed outline allocating each heading and subtopic; and

      a. A university, college or community college professor or instructor.
      b. A public and private school professional (superintendent, principal, guidance counselor, librarian, etc.)
      c. An AQB certified instructor or an approved professional association’s instructor.
   3. Proctor(s) shall be approved, in advance, by the Arkansas Appraiser Licensing and Certification Board.

   2. Be in the room while the student is taking the exam. Assure that the student does all the work him/herself without aids of any kind including books, notes, conversation with others, or any other external resource. If the exam calls for mathematical calculations, a non-programmable hand-held calculator may be used.
3. The proctor shall see that the student adheres to the time limit requirement specified for the examination. The examination must be completed in one sitting. If the examination is interrupted for any reason, the examination can be re-started only by notifying the Arkansas Appraiser Licensing and Certification Board that the examination was interrupted, the reason for the interruption and the Board, or its designee, must approve the request to resume.

4. Upon completion of the examination, the proctor shall submit a certificate indicating the verification of the identity of the student, that the examination was completed on the date assigned during the time permitted and that the student has done all the work him/herself without aids of any kind including books, notes, conversation with others, or any other external resource while taking the examination, including access to internet search engines or web pages other than that displaying the examination.

2. Criteria Specific to Qualifying Education

Course content requirements may be general or specific to property types. The AQB Required Core Curriculum is to be followed by major headings with the classroom hours for each.

B. Credit toward qualifying education requirements may also be obtained via the completion of a degree in Real Estate from an accredited degree-granting college or university approved by the Association to Advance Collegiate Schools of Business, or a regional or national accreditation agency recognized by the US Secretary of Education, provided that the college or university has had its curriculum reviewed and approved by the AQB.

The AQB may maintain a list of approved college or university degree programs, including the Required Core Curriculum and Appraisal Subject Matter Elective hours satisfied by the award of the degree. a major teaching method when applicable.

— 2. The quantitative experience requirements must be satisfied by time spent in the appraisal process. The appraisal process consists of: analyzing factors that affect value; defining the problem; gathering and analyzing data; applying the appropriate analysis and methodology; and arriving at an opinion and correctly reporting the opinion in compliance with USPAP.

— 3. Hours may be treated as cumulative in order to achieve the necessary number of hours of appraisal experience. Cumulative is defined as experience that may be acquired over multiple time periods.

— 4. There need not be a client in a traditional sense (e.g., a client hiring an appraiser for business purpose) in order for an appraisal to qualify for experience, but experience gained for work without a traditional client cannot exceed 50% of the total experience requirement.

Documentation in the form of reports, certifications, or file memoranda, or, if such reports and memoranda are unavailable for good cause, other evidence at the Board's discretion that the work is compliant with USPAP must be provided as part of the Board's experience verification process to support the experience claimed.

— 7. Acceptable experience may include a limited number of hours related to necessary and fundamental tasks, such as records research, measurements, and certain aspects of property inspections. But to be satisfactory, the experience of the applicant must clearly demonstrate a progression in exposure, charge, responsibility, and successful performance of those comprehensive tasks related to real property appraisal practice, to include, but not limited to appraisal development and reporting, and should involve all aspects of the valuation process.

— 8. The burden of proving the amount and validity of experience claimed is entirely the responsibility of the applicant. As a minimum, the applicant must be prepared to substantiate, on request by the Board, the experience claimed with a true copy of appraisal assignment reports, work file to support the nature or the experience claims, and true copies of time records or calendars which support actual work time associated with the assignments.

— 9. The verification for experience credit claimed by an applicant shall be on the forms—

Each owner shall authorize the release of criminal background check reports to the Board and pay any applicable fees associated with the state and federal criminal background checks pursuant to the written instructions provided by the Board.

**Application Procedure**
All personnel for the Arkansas Appraiser Licensing and Certification Board (Board) will be trained and authorized to have access to each owner's criminal history report.

When an owner applies for his or her background check, and the Board receives the appropriate application form and required fees the Board Staff will provide the owner with instructions to obtain his or her background check:

1. If the owner does not have a criminal history, agency personnel will issue the registration when all other requirements are fulfilled.

2. If the owner's criminal history report contains a disqualifying conviction(s), the appraisal management company's application or renewal will not be approved. A letter indicating there is a disqualifying conviction will be sent to the owner by Restricted and Certified mail with the owner as the only individual who may sign for the receipt of the letter at the United States Postal Service.

D2, 1000 Custer Hollow Road, Clarksburg, WV 26306. The FBI will then forward the challenge to the agency which submitted the data, requesting that agency to verify or correct the questioned/deficient entry. Upon the receipt of an official communication directly from the agency which contributed the original information, the FBI CJIS Division will make any changes necessary in accordance with the information supplied by that agency.

5. Should an owner challenge his/her criminal identification record, he/she shall notify the Board in writing. After receipt of such notice, the Board shall not determine whether an owner is qualified until the owner has had a reasonable opportunity to challenge said criminal identification record and shall not process the application until the challenge of said record is resolved by the State Identification Bureau and/or Arkansas Crime Information Center. 11. The Board will respond with a decision in writing and will state the reasons for the
decision.

12. An appeal of a determination under this section will be subject to the Administrative
Procedures Act § 25-15-201 et seq.

13. The criminal history information, along with all supporting documentation, will be
destroyed after (7) seven years by having authorized agency personnel cross-shred all
information including the file folder. This time limit will be confirmed with the State of
Arkansas Records Retention policy in effect at the time the documents are scheduled to
be destroyed.

14. The exchange of the Criminal History Report Information is subject to cancellation if
dissemination is made outside the receiving departments or related agencies and if
Criminal History Record Information is used for any other reason that is not stated in
Arkansas State law. Furthermore, depending upon the nature of the offense and the
identity of the offender, federal or state crimes may be charged for the willful,

SECTION 45—PROFESSIONAL DEVELOPMENT

1. Each applicant for renewal of a Certificate of Registration shall certify to the Board that he or she has duly acquired three (3) hours of board-approved professional development credits.
2. Professional development credits shall be awarded on the basis of attendance at Board-approved seminars, workshops or correspondence courses which are directly related to the practice of abstracting, at a rate of 1.0 Professional Development Credit for each actual hour of attendance.

   a. Program sponsors will be required to submit to the Board an outline of each program for which professional development credits is sought. Such outline must be submitted not later than forty-five (45) days prior to the date set for presentation of the program.    b. Program sponsors may request approval of professional development programs for credit in letter form with course outlines, syllabi or other relevant material attached.

   c. If a program consists of a session of more than one day's duration, the credits may be divided between the days, and credits may be obtained for hours of actual attendance on any day or days of any particular program, unless the granting of partial or divided credits would be achieved only through a break in continuity of subject matter of a particular program.

   d. Once the Board has approved the professional development program for professional development credits, the program sponsor must mail notice of such program to all registered abstracters within the State of Arkansas at least ten (10) days in advance of the program presentation. The official roster of Registered Abstracters as maintained by the Director shall control the event of any controversy regarding mailing of notice to any particular abstracter or abstracters.

   e. Any correspondence course for which approval of professional development credits is requested will be examined by the Board with strict scrutiny in order to determine, to the extent possible, that integral to such courses are sufficient controls to ensure that the courses are administered in a fair, professional manner, to ensure that the individuals seeking professional development credits actually participate in, and successfully complete, the course for the actual number of hours for which credit is sought.

   f. APPEAL OF AWARD OF CREDIT HOURS. Any program sponsor may request that the Arkansas Abstracters Board review the number of credit hours awarded that sponsor's professional development programs. Such request shall be in writing and shall be received at the Office of the Board of Examiners not later than ten days following the date of mailing, to the
program sponsor, of the original notice of award of credit hours. Upon receipt of a written request for review, the Board of Examiners shall forthwith conduct its review and advise the program sponsor, in writing, of:

1. An award of a greater number of credit hours than originally granted, or;

2. No change in the number of credit hours granted. The Board of Examiners shall complete its review and notification of the program sponsor within ten days of receipt of the sponsor’s request for review.

3. Upon completion of an approved professional development program, the program sponsor shall furnish, to each individual who completes said program, a Certificate of Completion showing the name of the individual, the date of the program, and the number of credit hours obtained at the program. Program sponsor shall furnish the Office of the Arkansas Abstracters’ Board with an alphabetical list of those abstracters who successfully completed the program.

4. The Board may refuse to grant professional development credit to any abstracter who, within any prescribed two-year professional development credit period, attends more than one program with substantially identical subject matter.
