 - b. A public and private school professional (superintendent, principal, guidance counselor, librarian, etc.)
 - c. An AQB certified instructor or an approved professional association's instructor.
3. Proctor(s) shall be approved, in advance, by the Board.

M. Examination Proctor Duties

web pages other than that displaying the examination.

2. Criteria Specific to Qualifying Education

A. Class hours will be credited only for educational offerings with content that follows the AQB *Required Core Curriculum* for each respective credential classification. Course content requirements may be general or specific to property types. The AQB *Required Core Curriculum* is to be followed by major headings with the classroom hours for each.

B. Credit toward qualifying education requirements may also be obtained via the completion of a degree in Real Estate from an accredited degree-granting college or university approved by the Association to Advance Collegiate Schools of Business, or a regional or national accreditation agency recognized by the US Secretary of Education, provided that the college or university has had its curriculum reviewed and approved by the AQB.

The AQB may maintain a list of approved college or university degree programs, including the *Required Core Curriculum* and Appraisal Subject Matter Elective hours satisfied by the award of the degree. Candidates for a Registered Apprentice Appraiser, State Registered, State Licensed, Certified Residential, or Certified General credential who are awarded degrees from approved institutions are required to complete all additional education required for the credential in which the approved degree is judged to be deficient by the AQB.

C. Class hours may be obtained only where:

If a disciplinary hearing or informal conference is pending at the time of surrender, the scheduled hearings will proceed with or without the appraiser's participation and any disciplinary action resulting from the hearing shall be placed in the appraiser's file and addressed prior to any reinstatement of their credentials. Appraisers who have their license suspended or revoked are prohibited from performing any and all duties and responsibilities (researching data, and/or assisting associates with the development and reporting of real property appraisals).

A. Examination Criteria

1. A new applicant, not currently licensed or certified and in good standing in another jurisdiction, shall have up to 24 months, after approval by the Board, to take and pass an AQB-approved qualifying examination for the credential. Successful completion of the examination is valid for a period of 24 months.

B. Experience Criteria

1. Education may not be substituted for experience, except as shown below in Subdivision four (4) of this Section III(B).

2. The quantitative experience requirements must be satisfied by time spent in the appraisal process. The appraisal process consists of: analyzing factors that affect value; defining the problem; gathering and analyzing data; applying the appropriate analysis and methodology; and arriving at an opinion and correctly reporting the opinion in compliance with USPAP.

3. Hours may be treated as cumulative in order to achieve the necessary number of hours of appraisal experience. Cumulative is defined as experience that may be acquired over multiple time periods.

4. There need not be a client in a traditional sense (e.g., a client hiring an appraiser for business purpose) in order for an appraisal to qualify for experience, but experience gained for work without a traditional client cannot exceed 50% of the total experience requirement.

a. Practicum courses that are approved by the Board can satisfy the non-traditional client experience requirement. A practicum course must include the generally applicable methods of appraisal practice for the credential category. Content includes, but is not limited to: requiring the student to produce credible appraisals that utilize an actual subject property; performing market research containing sales analysis; and applying and reporting the applicable appraisal approaches in conformity with USPAP. Assignments must require problem solving skills for a variety of property types for the credential category.

b. Experience credit shall be granted for the actual classroom hours of instruction and hours of documented research and analysis as awarded from the practicum course approval process.

5. An hour of experience is defined as verifiable time spent in performing tasks in

accordance with acceptable appraisal practice. Acceptable real property appraisal practice for experience credit includes appraisal, appraisal review, appraisal consulting, and mass appraisal. All experience must be obtained after January 30, 1989, and must be USPAP-compliant. An applicant's experience must be in appraisal work conforming to Standards 1,2,3,4,5, and 6, as applicable where the appraiser demonstrates proficiency in appraisal principles, methodology, procedures (development), and reporting conclusions.

6. Documentation in the form of reports, certifications, or file memoranda, or, if such reports and memoranda are unavailable for good cause, other evidence at the Board's discretion that the work is compliant with USPAP must be provided as part of the Board's experience verification process to support the experience claimed.

7. Acceptable experience may include a limited number of hours related to necessary and fundamental tasks, such as records research, measurements, and certain aspects of property inspections. But to be satisfactory, the experience of the applicant must clearly demonstrate a progression in exposure, charge, responsibility, and successful performance of those comprehensive tasks related to real property appraisal practice, to include, but not limited to appraisal development and reporting, and should involve all aspects of the valuation process.

8. The burden of proving the amount and validity of experience claimed is entirely the responsibility of the applicant. As a minimum, the applicant must be prepared to substantiate, on request by the Board, the experience claimed with a true copy of appraisal assignment reports, work file to support the nature or the experience claims, and true copies of time records or calendars which support actual work time associated with the assignments.

9. The verification for experience credit claimed by an applicant shall be on the forms prescribed by the Board, which shall include:

- a. Type of property;
 - b. Date of report;
 - c. Address of appraised property, including city name;
 - d. Description of work performed by the applicant and scope of the review and supervision of the supervising appraiser;
 - e. Number of actual work hours by the applicant on the assignment; and
 - f. The signature and credential number of the supervising appraiser, if applicable.
- Separate appraisal logs shall be maintained for each supervising appraiser, if applicable.

10. The Board reserves the right, at its discretion, to hold for a reasonable length of time for investigation of the amount of experience claimed on the application of any applicant.

11. There is no maximum time limit during which experience may be obtained.

C. Practical Applications of Real Estate Appraisal (PAREA)

Credential holders must ensure that the address on file with the Board office is current and that the Board is notified within thirty (30) days of any mailing address or email address change.

D. Credential holders shall file a timely and sufficient renewal application with the Board by the renewal date each year. An application shall be deemed filed on the date received by the Board, the date of electronic submission or, if mailed, the date postmarked, but not the date metered.

Continuing education hours required are 14 hours per year for each year or partial year the credential was inactive plus any continuing education hours required at the time the credential was placed on inactive status. For example: Number of years inactive x 14 hours + number of hours due when credential was placed on inactive status = Total number of continuing education hours that must be submitted. Evidence of completion of the most recent edition of a *7-Hour National USPAP Update Course* (or its AQB approved equivalent) must be included in those hours.

J. A credential holder whose appraiser credential has been in an inactive status for more than twelve (12) months shall be required to consent to a background check as described below. Prior to reinstatement the credential holder is required to obtain a state criminal background check and a national fingerprint-based criminal background check performed by the Federal Bureau of Investigation in compliance with federal law and rule to determine if the applicant possesses a background that does not call into question public trust or the applicant's fitness for registration, licensure, or certification.

"Applicant" does not include an individual who applies for a Temporary Practice Permit.

2. "**Appraiser credential**" means authorization issued by the Board to individuals who have satisfied the requirements to become a registered, licensed, or certified appraiser.

3. "**Criminal background check**" means both a state criminal records check conducted by the Arkansas State Police ("state background check") and a nationwide criminal record check conducted by the Federal Bureau of Investigation ("federal background check"), including the taking of fingerprints.

4. "**Disqualifying conviction**" means the applicant's criminal background history report or application indicates a conviction of a criminal offense that calls into question public trust or the applicant's fitness for registration, licensure, or certification.

B. Background Check Required:

background checks pursuant to the written instructions provided by the Board.

3. A new state and federal criminal background check are required each time an appraiser applies to upgrade his/her credential type.

C. Application Procedure

1. All personnel for the Board will be trained and authorized to have access to each applicant and credential holder's criminal background history.

2. When an applicant applies for his/her appraiser credential or an existing credential holder applies to upgrade his/her credential type, and the Board receives the appropriate application form and check for his/her application or upgrade fee; the Board Staff will provide the applicant with instructions to obtain his or her background check.

3. If the applicant does not have a criminal history, agency personnel will issue his/her appraiser credential when all other requirements are fulfilled.

4. If the applicant's criminal history report contains a disqualifying conviction(s), the applicant's application will not be approved. A letter indicating there is a disqualifying conviction will be sent to the applicant by Restricted and Certified mail with the applicant as the only person who may sign for the receipt of the letter at the United States Postal Service.

5. It is the policy of the Board not to provide a copy of the FBI criminal history record to the applicant. The applicant may obtain a copy of the record by submitting fingerprints and a fee to the FBI. Information regarding this process may be obtained on the FBI's website.

7. Should an applicant challenge his/her criminal identification record, he/she shall notify the Board in writing. After receipt of such notice, the Board shall not determine whether an applicant is qualified for an appraiser credential until the applicant has had a reasonable opportunity to challenge said criminal identification record and shall not process the application until the challenge of said record is resolved by the State Identification Bureau

and/or Arkansas Crime Information Center. The applicant shall notify the Identification Bureau to forward to the Board changes in the applicant's record as a result of such challenge.

8. If an applicant with a disqualifying conviction chooses to appeal the decision to deny his/her application, he/she may appeal to the Board for a waiver to be credentialed.
