Day with Appraisers event set for May 17, 2018

The Arkansas Appraiser Licensing and Certification Board's Day with Appraisers seminar is three months away. On May 17, 2018, approximately two hundred appraisers will participate in this continuing education program—the largest annual gathering of appraiser professionals in Arkansas. The Day with Appraisers seminar offers seven (7) hours of continuing education (CE) credit and an opportunity to interact with fellow appraisers.

The Day with Appraisers event will be held at the Wyndham Riverfront Hotel, 2 Riverfront Place, North Little Rock, AR 72114. The Wyndham Hotel is a change in venue from last year. The hotel is located at the foot of the Main Street Bridge on the North Little Rock side of the Arkansas River.

The speaker for the morning is Larry Disney, former Executive Director of the Kentucky Appraiser Board. During the afternoon, there will be several different speakers on a variety of topics.

Registration forms will be available on our website in late March. The cost of this seven-hour CE event is \$100 which includes lunch.

A Few Parting Tips by Pete Prutzman

The number of complaints against Arkansas appraisers has risen in past two years. I've served on more hearing committees than expected. Better communication/customer service would eliminate many complaints. Even if a report is late, simply informing clients by returning phone calls and emails in a timely manner defuses many conflicts.

In efforts to please clients, some appraisers accept assignments beyond their competency. Better to associate with an appraiser competent in a specialized field, or decline an assignment, than to submit a faulty report.

When a complaint is filed, the appraiser's report is reviewed by the AALCB chief investigator and a three-person committee of the Board. We're all human, but several errors seem to occur frequently:

- “Boiler plate” issues where names, descriptions, or analysis refer to a previous, unrelated, report;

- Lack of support for adjustments;

- Failure to analyze prior sales of the subject property.

There are additional, recurring, items (and typos) that can usually be found by brief review. Simply have someone else read the report before it's sent. If you work alone, just “sleep on it” and review the report next morning.

As professional appraisers we should respect ourselves and each other. We should qualify our clients and decline (or refer to others) assignments that don't fit our specialty or schedule.
