Drug Formulary.

Part I. General Provisions

Pursuant to Ark. Code Ann. 11-9-517 (Repl. 1996) and Commission Rule 099.02 (Effective March 1, 1982) the following rule is hereby established in order to implement a workers’ compensation Drug Formulary. This Rule is adopted for all prescriptions for workers’ compensation claims with a date of injury on or after July 1, 2018, and applies to all FDA approved drugs that are prescribed and dispensed for outpatient use.

A. Scope.
1. This rule does all the following:
   (a) Adopts by reference as part of this rule the Public Employee Claims Division (PECD) Workers’ Compensation Drug Formulary, which is maintained and updated by UAMS College of Pharmacy Evidence Based Prescription Program and any amendments to that formulary. The formulary will be reviewed and updated as needed.
   (b) Establishes that all initial prescriptions for Opioids shall be limited to a 5-day supply and shall not exceed 50 MED per day without prior authorization. All subsequent Opioid prescriptions shall be limited to a 90-day maximum supply and shall not exceed a 50 MED dosage limitation per day without prior authorization. With prior authorization, a subsequent prescription may be prescribed in excess of 50 MED but shall not exceed 90 MED.
   (c) Establishes the effective date for implementation of Rule 099.41.
   (d) Establishes procedures by which all payors shall have on staff a Pharmacist and Physician or Medical Director or shall contract with a PBM, who has a Pharmacist and a Physician or Medical Director on staff or has contracted with a Pharmacist and a Physician or Medical Director.
   (e) Establishes a procedure for pharmacists filling workers’ compensation prescriptions.
   (f) Provides for the certification of all payors, determined to be in compliance with the
criteria and standards established by this rule. (See Part II. A for certification requirements.)

(g) Provides for the implementation of Medical Cost Containment Division (MCCD) review and decision making responsibility. The rule and definitions are not intended to supersede or modify the workers’ compensation laws, the administrative rules of the Commission, or court decisions interpreting the laws or the Commission’s administrative rules.

(h) Provides for the right to appeal from the MCCD to an Administrative Law Judge.

(i) Provides requirements in order for payors to be held responsible for payment of FDA approved Opioid medications.

B. Definitions.

As used in this rule:

1. “Administrator” means the Administrator of the Medical Cost Containment Department of the Arkansas Workers’ Compensation Commission or his/her designee.

2. “Day” means calendar day.

3. “Dispute” means a disagreement between a payor, pharmacists, provider, or claimant, regarding this rule.

4. “Filling Pharmacist” is a pharmacist filling a prescription for medication.

5. “Initial Prescription” means the beginning, starting, commencing, or first written order for a medication. Changes in dosage, addition of or removal of previously prescribed medications either individually or in combination are not considered an initial prescription.

6. “Medical Director” is a physician that is on staff or is contracted with either a PBM or the payor of the worker’s compensation claim.

7. “Outpatient service” means a service provided by the following but not limited to, types of facilities: physicians’ offices and clinics, hospital emergency rooms, hospital outpatient facilities, community health centers, outpatient psychiatric hospitals, outpatient psychiatric units, and free-standing surgical outpatient facilities.

8. “Payor” is a self-insured entity, third party administrator or insurance carrier which pays workers’ compensation benefits.

9. “Reviewing Pharmacist” is an individual with a Doctorate in pharmacy or a Bachelor’s degree in pharmacy contracted with or on staff with a Payor or Pharmacy Benefit Manager.

10. “Pharmacy Benefit Manager” (PBM) is a third-party administrator (TPA) of prescription drug programs.

11. “Provider” means a facility, health care organization, or practitioner (as defined by Commission Rule 099.30).

12. “MED” means Morphine Equivalent Dose Per Day.
Part II. Process for Requiring all Payors to contract with a Pharmacist and Physician or Medical Director or PBM who has contracted with a Pharmacist and Physician or Medical Director.

All payors shall have on staff or shall contract with a Pharmacist and Physician or Medical Director or PBM who has contracted with a Pharmacist and Physician or Medical Director or has a Pharmacist and Physician or Medical Director on staff. Certification requires the Payor to furnish the current name, license number, and address of their Pharmacist, PBM, and Physician or Medical Director to the Medical Cost Containment Division of the Arkansas Workers’ Compensation Commission and update this information when changes occur.

Part III. Opioid Medications

A. For workers’ compensation injuries or illnesses with an incident date on or after July 1, 2018, payors will not be held financially responsible for payment for FDA approved Opioid medications in excess of 50 MED per day or in excess of 90 days without prior authorization. With prior authorization a prescription may be prescribed in excess of 50 MED but shall not exceed 90 MED. The Arkansas Workers’ Compensation Commission will adopt criteria for prior authorization for prescriptions in excess of 50 MED but not exceeding 90 MED and criteria for recertification every 90 days.

B. Prior to prescribing Opioid medications or Benzodiazepine, prescribers shall check the Prescription Drug Monitoring Program (PDMP) database in accordance with A.C.A. §20-7-604.

C. A Payor shall not be required to pay for more than five (5) days of medication for the first prescription of an Opioid medication without prior authorization. A Payor shall not be required to pay for continuing an Opioid medication beyond the first five (5) day prescription unless all of the following requirements are met:
   1. The medication is prescribed by an authorized treating prescriber; and
   2. The medication is reasonable, necessary and related to the workers’ compensation injury or illness; and
   3. The provider prescribing the medication examines the injured employee in a follow-up visit and documents to the Payor that the medication taken so far is proving to be effective in controlling pain associated with the employee’s work-related injury or illness; and
   4. The provider prescribing the medication documents to the Payor that continuing the Opioid medication therapy is medically necessary.

D. A Payor shall not be required to pay for continuing an Opioid medication beyond 90 days without written certification to the Payor of medical necessity which shall include the following:
   1. Follow-up visits with prescriber have been conducted;
   2. Documentation by prescriber of improved function under the medication;
   3. A plan for periodic urinary drug screening;
   4. A detailed plan for future weaning off the Opioid medication;
   5. Documentation within patient’s record showing conservative care rendered to the worker that focused on increased function and return to work; and
   6. A statement on what prior or alternative conservative measures were ineffective or contraindicated (including non-opioid pain medications).
Part IV. Process for Filling Workers’ Compensation Prescriptions
A. Pharmacists filling a workers’ compensation prescription must verify that the prescribed drug(s) are listed on the approved drug formulary.
B. If the prescribed drug(s) is not on the approved drug formulary, the pharmacist must contact the Payor for approval of the prescribed drug(s) and must consult with the Prescriber before switching the medication to a formulary medication(s).
C. The filling pharmacist must abide by the rule requirements for prescribed Opioids for the Payor to be required to pay for the medication(s). (50 MED per day for five (5) days and a 90 day duration without prior authorization)
D. Compounded medications require pre-authorization from the Payor and medical certification of the patient’s inability to tolerate treatment by other non-compounded medications.

Part V. Process for Resolving Disputes Between Provider and Reviewing Pharmacist or PBM
When the Payor denies the medication and the injured employee, filling pharmacist, or prescriber insists on the medication that has been denied, a reconsideration may be made to the reviewing pharmacist on staff or contracted with the Payor or the Payor’s PBM by submitting a Reconsideration Form. The Payor should promptly send a Reconsideration Form to the prescriber to complete and submit together with any supporting documentation to the reviewing Pharmacist. The reviewing Pharmacist shall have three (3) business days to consult with the Prescriber or Medical Director, if necessary, and to respond to the reconsideration request. If the reviewing Pharmacist does not respond within three (3) business days, the filling pharmacist may fill the prescription. If the reviewing Pharmacist denies the reconsideration request, an appeal may be made within 10 business days to the Medical Cost Containment Division of the Arkansas Workers’ Compensation Commission.

Part VI. Hearings
A. Administrative Review Procedure
An appeal may be made to the Administrator of the Medical Cost Containment Division by mail, fax, or email.

1. Appeals will be reviewed by the Medical Cost Containment Division and a determination will be issued within three (3) business days of receipt of the appeal and supporting documentation.
2. An appeal may be rejected if it does not contain the following information:
   (a) Injured employee name;
   (b) Date of birth of injured employee;
   (c) Social Security Number of injured employee;
   (d) Arkansas Workers’ Compensation File Number;
   (e) Date of Injury;
   (f) Prescriber’s name;
   (g) Prescriber’s DEA number;
   (h) Name of drug and dosage;
   (i) Requestor’s name (pharmacy or prescriber);
   (j) Requestor’s contact information;
   (k) A statement that the approval request for a prescribed drug(s) has been denied by the insurance carrier, accompanied by the denial letter if available;
   (l) A statement that the prior approval denial poses an unreasonable risk of a medical emergency and justification from a medical perspective such as withdrawal potential or other significant side effects or complications.
   (m) A statement that the potential medical emergency has been documented in the prior approval process.
   (n) A statement that the insurance carrier has been notified that a request for an expedited determination is being submitted to the Arkansas Workers’ Compensation Commission; and
   (o) The signature of the requestor and the following certification by the requestor for paragraphs (g) to (o) of the above subsection, “I hereby certify under penalty of law that the previously listed conditions have been met.”

3. An appeal determination shall be processed and approved or denied by the Administrator in accordance with this section. At the discretion of the Administrator, an incomplete appeal may be considered in accordance with this section.

4. A determination by the Administrator becomes final under the appeal process and shall be effective retroactively to the date of the original prescription.

5. Any party feeling aggrieved by the Order of the Administrator has the right to appeal the final decision of the Administrator to an Administrative Law Judge of the Arkansas Workers’ Compensation Commission for an expedited hearing. The appeal must be made within 10 business days. The Administrative Law Judge shall have two weeks from receipt of the appeal to conduct an expedited hearing and render a decision. The Notice of Appeal shall contain the following:
   (a) A copy of the Administrator’s Order appealed from;
   (b) Copies of all materials submitted to the Administrator in the appeal proceedings.
Part VII. Rule Review
The Arkansas Workers’ Compensation Commission encourages participation in the development of and changes to this Rule by all groups, associations, and the public. Any such group, association or other party desiring input or changes made to this Rule and associated schedules must make their recommendations, in writing to the Medical Cost Containment Administrator. After yearly analysis, the Commission may incorporate such recommended changes into this Rule.

Part VIII. Effective Date of Rule
This Rule is adopted for all prescriptions for workers’ compensation claims with a date of injury on or after July 1, 2018, and applies to all FDA approved drugs that are prescribed and dispensed for outpatient use.
